August 13, 2013

Dear David Marx,

On behalf of *Inc.*, I am delighted to inform you that Express Air Freight Unlimited has earned the position of 4891 on the 2013 Inc. 5000.

For 32 years, *Inc.* has welcomed the fastest-growing private companies in America into a very exclusive club. Make no mistake: The Inc. 5000 was harder to get into this year than ever in its history. The median company on the list increased sales more than 140 percent since the start of 2010, while the average honoree grew a mind-boggling 468 percent. Those are results most companies could only dream of in the economy of the past three years.

As an Inc. 5000 honoree, Express Air Freight Unlimited now shares a pedigree with Intuit, Zappos, Under Armour, Microsoft, Jamba Juice, Timberland, Clif Bar, Pandora, Patagonia, Oracle, and dozens of other notable recent alumni. In addition to Express Air Freight Unlimited, the 2013 list added such powerhouses as Alex and Ani, LivingSocial, Bojangles, OtterBox, and KT Tape. You are in some pretty impressive company—which is exactly where you belong.

Congratulations to you and your team. You should be proud of all Express Air Freight Unlimited has achieved to date. I wish you many more years of success.

Sincerely,

Eric Schurenberg
